Get that adrenaline pumping! Makes you discover the passion for speed! Today's open yacht even more powerful.

Santorini

A sunken city that some historians insist is Atlantis! A volcanic territory and beaches that you can pick up on a magnet (!) with incredible healing and well-being qualities. Best boutique hotels with a view that needs no camera to be stored in your brain forever! A two week vacation on this Greek island equals to a few months rest elsewhere! Energy charging at it's best!

The former Hippie island of the 70's that has hosted the world's most famous VIP's is still on! Rarely a location has such endurance on time and success on fulfilling everybody's idea for ideal vacation. Hang around nude all day at one of the island's many naturist beaches and dine at Nobu same evening. Party till you drop with dj Tiesto on the decks of Cavo Paradiso. Never an island was so diverse to fit the likes of families singles and couples of all sexes!
