## Positive Energy unleashed at the Poros Charter Show!

*The "crisis" cannot keep you under the shade or in the cold!  
 Thank you Brokers, thank you Visitors!*

Since the show began back in 2002 it has blossomed into the largest luxury yachting event in the Eastern Mediterranean.

Once again **North Star Yachting** participated with visitors including brokers, owners, captains and agents who were able to board our yacht as well as to explore the beaches and the traditional tavernas on the unique island of Poros.

The wealth and diversity of the **Greek seas**, the endless coastline, the hundreds of islands, the blue skies, the innumerable sunlit days, make Greece an ideal country for **chartering a yacht and/or keeping your yacht in Greece!** We will be expecting to see you all again next year to join us in the fun and exchange views during the show.

**New Charter listings in the market  
 this Summer**
